Piotr Zachoszcz

Junior Frontend developer

✉ pz1996r@gmail.com   📞 502727509   🏠 develoopers.pl   🌐 https://github.com/pz1996r

Experience

Full Stack developer #Hokito / Al.Politechniki 22/24 Łódź
10.2018 - 01.2019

During this intership I mainly worked on creating an application for the private travel agency creamadventureclub (coding templates based on layouts, writing scripts in PHP, for generating static pages early filled with information from the database, authorization and authentication of users, etc.). During that time I was also creating simple websites (pharmex.pl, amplifica.pl, claritywindows.com)

Frontend developer #Hokito / Al.Politechniki 22/24 Łódź
06.2017 - 08.2017

The internship during which I was learning how to create simple websites using HTML, CSS and JavaScript. It was the begining of the journey with frontend, and the first steps with JS (handling user events, creating simple slider, and smooth scrolling effects on click etc.)

Projects

Tetris # https://github.com/pz1996r/Tetris
React powered Tetris with hooks, redux and styled-components

Portfolio # https://github.com/pz1996r/develoopers_portfolio
Gatsby powered portfolio with styled-components and graphQL

Fridge # https://github.com/pz1996r/fridge2020
React App whitch I'm currently working on. Technologies that I use for this project: node, expres.js, nodemailer, react-router, husky, eslint, netlify-lambda, axios etc.

Courses - Certificates

Web programing course #CodesCamp / CoderCrew
10.2019 - 01.2020

During that course I was expanding knowledge of object oriented programming, asynchronity, queries (fetch, axios etc.), Node.js (creating Rest API, routing, authorization and authentication using tokens), GIT and also React and Redux. I have finished course with a high score and I own a certificate.

Skills

Programing Languages
JavaScript (ES6), CSS/SCSS, HTML, PHP

Libraries & Frameworks
React, Gatsby, Node.js, Express Redux

Tools
Git, Npm, Webpack

Design
Adobe Photoshop

Education

Wrocław Uniwersity of Science and Technology
2020-currently // Wrocław, Poland

Postgraduate studies with specialization Android and iOS modern mobile applications

Uniwersity of Business
2016-2019 // Wrocław, Poland

Bachelor of Science in Information Technology.

Foregin Languages

English - Intermediate

Spanish - Pre-intermediate

Interests

Traveling, reading, phones repairing, listening to spanish music
